Dear Bowen Colleague,

We are delighted that you are considering joining the Bowen Association Uk. You may have already seen from the information on our website that our training is professional and of a high quality. Becoming a member gives you the opportunity to access our professional practitioner training courses and our excellent specialist courses. These courses and their trainers are approved by Mr Ossie Rentsch who was taught the original Bowen Technique developed by the late Mr. Tom Bowen in Australia since 1987.

The Bowen Association UK is a supportive organisation giving our members opportunity to network and share their expertise, we assist in the development of our member's practices and you too can be part of the growing family of professional Bowtech trained members worldwide.

If you have queries or need more information please do contact us either by email or telephone and we will be happy to help.

We look forward to hearing from you.

Best wishes,

Chair - Bowen Association UK
