Dear

We are delighted to welcome you as a Student Member of The Bowen Association UK – the longest established and foremost professional association for practitioners of the Bowen Technique in the United Kingdom and your student membership number has already been sent to your Tutor.

The Bowen Association UK is your Professional Association giving support to students and members and opportunity to network with each other and share expertise via our website and seminars. Once you are qualified and have joined us as a Full Member we will also advise you on the development of your practice.

As a student member of the Bowen Association you will receive our quarterly Newsletters with lots of useful tips and information, and a copy of Bowen Hands Magazine from Bowtech Australia, plus regular updates about further training opportunities. You can also come along to our seminars and Annual General Meetings – yes we know that sounds dull, but we guarantee it isn't! It's a great opportunity to meet other practitioners and to learn from them, as well as from the range of fascinating speakers we always lay on for you. You can visit our website too with even more info, and you can also find us on Facebook and Twitter.

Later on, when you have completed Module 7, we will be inviting you to upgrade to either Associate or Full Membership.

Becoming a student member now gives you not only the newsletters and magazines for free, it also allows you to access our block Insurance Scheme provided by the Holistic Insurance Company. – it's only £30 per annum - a great deal. Phone Holistic on 01327 354 249 for further info or visit www.holisticinsurance.co.uk. (Student Insurance covers you whilst you are practicing outside the training room)

We'll be contacting you again later in the course to tell you all about the benefits of belonging to your Professional Association when you qualify. If, by then, you've passed your Anatomy and Physiology qualification, and have a first aid certificate and insurance, then you can sign up immediately as a full member, when even more benefits become available to you. If not quite there yet, you can still join us as an Associate Member whilst you get these things in place.

Do you need to do anything now?

Yes please. We need you to complete the Student Registration Form and return it to us without delay, your tutor may send this to us for you, and thank you in advance for your prompt attention to this – we really appreciate it.

In the meantime, our very best wishes to you all in your studies, we look forward to being in touch with you again. If you have any concerns or questions – or simply want to touch base with us – please call. We will be delighted to hear from you.

Angela Cannon ITEC.dip BTAA, CNHC,
Chairman
